Lowdown On Detroit

—by—
SAMUEL B. PETTENGILL
"The Gentleman from Indiana"

labor paper of national circulation tells of the interesting squeeze which the United Automobile Workers, C. I. O., propose to put on motor car industry in Detroit. They are, of course, manufacturers of automobiles and parts in one of other cities, who in turn are put over the jumps. But to the case simply, let us for moment keep our eyes on the Three in Detroit, General Motors, Chrysler and Ford.

quote: "Automobile manufacturers will be asked to negotiate on industry-wide basis. . . . If management refuses industry-wide negotiations the UAW will choose major auto manufacturing concerns as a test, and if negotiations that corporation will be struck nationally at the most opportune time. This will give the corporation competitors a chance to capture the market from the struck corporation."

illustrate: If General Motors truck first, Ford and Chrysler be graciously permitted to cars, thus putting pressure on other Motors stockholders, their dealers of parts, salesmen, dealers, etc., to urge G. M. held before Ford and Chrysler "capture the market."

the labor paper continues: "No ties to raise wages will be held outside the test corporation which strikes would in any way tie the manufacturing competitors that corporation. The international union will take aggressive action against strikes which enter in any way the success of other words, while the thumb are being turned on G. M. workers in Ford and Chrysler not strike, no matter how valid grievance they may have, self government in labor is obliterated. If the Ford or Chrysler members of the UAW should be, the international body will "aggressive action" against

Thousands of Rivets Are Found on Boro' Streets

Thousands of small rivets of various hues, used in airplane construction, have laid scattered over the streets of Bristol during the past few days.

Motorists have avoided running over them, although the ends are blunt.

Youngsters have picked up rivets in large quantities and filled boxes with them.

It is presumed that the rivets have been dropped off of some truck. No thefts have been reported to the police.

THE COUNTY ELECTION CONTROLLER

(This is one of a series of articles on the issues and candidates to be voted on at the General Election, November 6. Watch for others in this newspaper.)

The 1940 census, which showed Bucks County's population to have passed 100,000, changed its status from a sixth class county to a fifth class county.

The higher rating called for an addition to the staff of County officers which has proved one of the most successful changes ever made—the county controller.

This official helps work out an annual budget, sees to it that this budget is lived up to except for serious emergencies, and checks the expenditure of every dime of the taxpayers' money to see that it is proper and necessary.

The spectacular rise in the county surplus is the best proof of the value of this job.

County officials prior to that time had not been wasteful, though their expenditures had not been coordinated. For years, despite a low tax rate, they had shown a small but steady balance at the end of the year.

For instance, there was a balance on hand at the end of 1939 of \$5,088.44, and 1940, of \$9,520.60.

But at the end of the first four years of the controller, that surplus had risen to \$180,903.60. Bucks county today could (if the law allowed, which it does not) pay off every cent of indebtedness at once, and still have a huge reserve of money in the bank.

Part of the improved financial condition lies in the matter of outstanding taxes. This delinquency had been growing for years—from \$114,313.57 in 1935 to \$218,596.05 in 1940. Since the controller's office was set up, it has been reduced to \$108,176.11.

Who is the man who has accomplished all this for Bucks County?

He is Howard G. Krupp, the Republican nominee to succeed himself at the election November 6.

Like all Republican candidates, it is up to the voters whether they want to keep him in office or try someone else who has had no experience.

As a matter of fact, Mr. Krupp has an unusual distinction in this campaign. He is the only man in the world who ever had experience in the office. He has held it since he was appointed by Gov. James in 1941 at the time the office was created. He organized the office, set up the system, and has conducted it ever since.

Other county controllers in the State have recognized the outstanding ability of this Bucks County official, for he has been a leading light in the Pennsylvania Association of County Controllers for the last few years, and only recently was further honored by being made vice-president of that organization.

Mr. Krupp's job requires more than a good head for figures. It takes firmness and tact, and a broad knowledge of public matters, including interpretations of the Pennsylvania laws.

It needs also an extensive background in how and why the various county agencies function as they do, since budgets and expenditures of all of them pass across his desk. He passes on all bills before warrants are drawn, and his office audits each department monthly.

He has custody of all county title deeds, bonds, insurance policies and contracts; receives all sealed bids, which

TO REPRESENT CLUB

Bristol Travel Club will be represented by two delegates at the Fall meeting of the Bucks County Federation of Women's Clubs in Lower Makefield tomorrow. The delegates will be Mrs. Therna Webb and Mrs. Richard E. Myers. A number of members of the club are planning to attend. The morning session will convene at 10 o'clock.

FOR CONTROLLER

HOWARD G. KRUPP

Howard G. Krupp, Republican candidate for Controller, can claim one unusual distinction. He is the only man in the world who can claim experience in the office he seeks, for he has held it ever since it was created early in 1941.

He was appointed at that time by former Governor James, was elected to a full term that fall, and has been enthusiastically endorsed to continue in the position.

Mr. Krupp was born July 11, 1901, at Chalfont, where he has lived all his life. His parents, who also live at Chalfont, are Howard W. and Mary W. Krupp.

After attending the public schools in Chalfont, Mr. Krupp graduated from Lansdale High School in 1918. His principal undergraduate activity

Expect U. S. Denouncement of Franco Regime

Washington — Diplomatic sources in Washington today expected President Truman to issue a statement denouncing the Franco regime in Spain.

Some members of the foreign diplomatic corps said they had asked the chief executive to take such a step and were confident he would do so. It was predicted by them that other nations, particularly Latin American countries, would follow in line with a United States declaration against the regime of Generalissimo Francisco Franco.

Wife Tried To Save Quisling From Death

OSLO, Oct. 25—Kling Haakon spurned an appeal by Vidkun Quisling's wife only some hours before the Norwegian traitor stumbled through murky rain to his death before a firing squad early yesterday in dismal execution square of ancient, foreboding Akershus Fortress. Quisling to the last protested he was innocent.

Ten crack riflemen of the Norwegian military police — youths once forced to flee from the Quisling regime and Nazi occupation of Norway — snuffed out the life of the chunky, pallid, 58-year-old former puppet Premier at 2:40 a. m. (8:40 p. m. E. S. T. Tuesday).

The death of the most hated man in Norway followed by nine days the execution of France's convicted arch-traitor—Pierre Laval.

Only three other persons besides the execution squad witnessed the death of the man whose name had become a synonym for traitor—a clergyman, a prosecutor and the officer who commanded "Fire!"

ADVISES MERGING OF THREE SCHOOL DIST'S

Supt. Boehm Tells Falls Twp. Residents Advantages To Be Gained

SPEAKS TO THE P. T. A.

FALLS TWP., Oct. 25—At a recent meeting of Falls Township Parent-Teacher Association, Charles H. Boehm, superintendent of Bucks County public schools, advised the merging of Falls Township high and Lower Makefield and Yardley high schools.

Information given by Mr. Boehm at that time is included in the following condensed report:

"Pupils in grades 9-12 within a few years will cost Falls Township \$11,450, as compared with \$7800 in joint school.

Annual operating savings of joint school will be about \$3600. Therefore no increase in taxes.

"Falls Township will not be permitted indefinitely to continue present high school without eliminating the sub-standard basement rooms.

"The elementary class rooms are overcrowded, including the two out-

HURT IN FALL

Gift Will Provide Playgrounds for Young Children, With the Possibility of Development of Aquatic Recreation — Also Sufficient Land for Gridiron, Baseball Diamond and Running Track for Older Persons.

Former Senator Joseph R. Grundy today offered to give Bristol fourteen acres of centrally located land and the sum of \$25,000 with which to create a War Memorial Recreation Park in tribute to the Borough's men and women who served in World War II.

The ground would be sufficient to make both a children's playground and a large athletic field.

The playground would consist of the land extending from the Postoffice site to the point where the Pennsylvania Railroad crosses the Canal and embracing about five acres.

The athletic field would lie in the triangle east of Jefferson avenue, and north of the railroad embankment, bounded on the other side by the property formerly used by the Corona Leather Works.

Senator Grundy's holdings in this triangle consist of approximately nine acres—more than enough to accommodate a football gridiron, a baseball diamond and a running track.

The offer was made in a letter to Burgess Jacob C. Schmidt, Sr., who recently was named by Council to head a Bristol Borough Planning Commission. It will be presented to Borough Council at the next meeting of that body, November 12.

Since there is no condition on the offer, beyond the restriction that the grounds are to be used only for the purpose of the War Memorial Recreation Park, it is assumed that Council will immediately accept it.

Creation of the athletic field and playground will fill a need of the community which came to the fore during the recent war, when the Borough was crowded by several thousand more population than most of its pre-war facilities had been created to accommodate.

THE COUNTY ELECTION

Continued from Page One

must be opened in his presence; acts as controller of the Institutional District; sits as a member of the Salary Board, and the County Sinking Fund Commission, and is secretary of the County Pension Fund Commission.

Unlike some other county controllers, who pass the responsibilities of the office largely over to members of their staffs, Mr. Krupp takes personal charge. He makes it his business to know the answers himself. That, of course, is one of the reasons why his record is so outstanding.

The taxpayers' money for which he is responsible is not chicken-feed. Last year the county handled a total of \$741,523.33—of which \$575,574.91 was spent and \$165,948.42 was put in the bank, where, with \$18,091 in the sinking fund it produced the total cash balance of \$180,903.60.

How easy it might have been for another Controller to let a large part of these public moneys slip through his fingers!

Everyone in Bucks County owes Mr. Krupp a vote of confidence for his remarkable record.

The way to give it to him is by going to the polls on election day, and voting the Straight Republican ticket, thus:

Two Brothers Hurt When Car Hits Pole

Continued from Page One

The injured: William T. Brown, 25, South Langhorne, lacerations of the face and eye; several teeth lost.

Robert Brown, 18, Main street, several teeth knocked out, lacerations of legs and chest.

The car, owned by Mrs. Walter Hilger, sister of the two young men, was practically wrecked by the impact and was towed from the scene.

The driver, William Brown, was operating the machine south on Main street, near the borough limits, at six o'clock, it is stated. At an "S" curve the car mounted a bank, sheared an electric light pole off at the ground, tore up a portion of the turf, the car hurtling back onto the highway and turning on its side.

Robert, who is a junior at Langhorne-Middletown high school, was treated by a physician at South Langhorne, then was taken to a dentist in Philadelphia where additional teeth were extracted, he losing ten in all. He then returned to his home.

An ambulance responded to the call, but did not get into service. The younger brother was taken to the physician's office by his sister, Mrs. Hilger, and the driver refused treatment. It is stated.

The accident was investigated by Officers Dane and Arner, of Langhorne barracks, Penna. State Police.

The driver, who recently returned to the United States following service in the European Theatre of Operations, had received his discharge at a North Carolina camp on Tuesday. He is now at his South Langhorne home with his wife, Anna Potter Brown, and five children.

JURY COMMISSIONER

served as corporal in Battery C, 311th Field Artillery, A. E. F., spending ten months overseas. He is a charter member of the Robert W. Bracken Post No. 382 of the American Legion, in which he was finance officer for several years.

He has been a leading spirit in the Bucks County Bankers Association, serving as president in 1930. He is also a charter member of the Bristol Rotary Club, and was president in 1938.

In 1926 Mr. Thorne married the former Miss Hazel B. Taft, of East Hickory, Forrest County, Penna., who had come to Bristol to teach. They have two children: Louise Danfield, 14, who attends Bristol High School; and J. Richard, 7.

Mr. Thorne is a member of Bristol Lodge No. 970, Benevolent and Protective Order of Elks. For twelve years he was secretary of the Board of Trustees of the Bristol Methodist Episcopal Church.

FOR CONTROLLER

Continued from Page One

ties were along the line of dramatics. He participated in minstrel shows, and since graduating has served as director and interlocutor for minstrel shows of the Chaffont Fire Company.

Leaving High School in the midst of the First World War, with every expectation of soon being in service, Mr. Krupp, whose intention at that time was to become a dentist, took a "fill-in" job at the Philadelphia home office of the Reading Railroad Company.

This "temporary" job lasted twenty-three years, until he resigned to become County Controller. Starting as a freight claim investigator, he rose until he was in charge of the truck freight claims of the Reading Transportation Company, a subsidiary. In his spare time Mr. Krupp studied bookkeeping and accounting, and eventually went into special accounting work for the railroad.

This training, coupled with other experience in public affairs, made Mr. Krupp's qualifications for Controller outstanding. He organized the office from scratch, and made it a full-time responsibility. His services to Bucks County, both in holding expenditures to the budget and in organizing a detailed accounting system, have been invaluable.

Mr. Krupp has long been active in the affairs of his home community. He organized the first Young Republican Club in Bucks County in Chaffont, 1928. Prior to becoming Controller, he had served a four-year term as a County auditor. He was the Chaffont Chairman of all War Bond Drives, and in the speakers' bureau of the National War Fund Drives. He is past president and now the secretary of the Lions Club of Chaffont. He attends the St. James Lutheran Church, of which he is vestryman and congregational president. He also is assistant treasurer of the Bucks County Council of Boy Scouts.

After serving two terms as treasurer of the Pennsylvania State Association of County Controllers, Mr. Krupp was recently further honored by being made first vice-president.

In 1931 he married Sarah G. Ellis, of Germantown.

Mr. Krupp is a member of the Doylestown Lodge of Free and Accepted Masons, of which he is past master; of the Lehigh Consistory, Allentown; of Lulu Temple, Philadelphia; and of the Knights of the Golden Eagle, of which he is past Chief and past district Grand Chief.

Senator Grundy Offers Athletic Field and Park As Boro' War Memorial

would have the authority to abandon them.

At the corner of Jefferson avenue and Garden street in this tract are several small individually held properties. If Council decided to "square off" this corner, the Borough has authority to buy such properties for park purposes.

The extreme eastern corner of the triangular plot is cut off by the canal, which runs along it for about a hundred yards.

The corner of this tract which approaches nearest to Beaver street lies across the street from the grounds of the Beaver street school, offering further possibilities for cooperative development of the recreation site. Beaver street school is not in use at present except as the Youth Canteen. The grounds are approximately an acre.

The letter from Senator Grundy to Burgess Schmidt reads as follows:

Dear Burgess Schmidt:

Since you are chairman of the Bristol Borough Planning Commission, as well as Burgess of Bristol, I believe you are the proper person to approach with a matter which is in my mind.

I am exceedingly proud of Bristol's great contribution to the cause of Victory through the patriotic services in the Armed Forces of our splendid young men and young women—many of whom laid down their lives in defense of the American flag.

Now that the war is behind us, and we can proceed with such projects, I would deem it an honor to help in the creation of a fitting and permanent War Memorial in tribute to these young men and women.

The present crystallization of thought appears to be that the most desirable form of War Memorial is a recreation and athletic park.

I wish therefore to submit the following offer for the consideration of the Bristol Borough Planning Commission and the Bristol Borough Council.

I hereby tender to Bristol Borough, free of cost, and with no restriction except that it is to be used for a War Memorial Recreation Park only, the following ground:

First, the three tracts bounded by the Canal and Prospect street, and extending from the Post Office site to the point where the Pennsylvania Railroad crosses the Canal, and embracing approximately five acres.

Second, approximately nine acres of ground lying in the triangle bounded by Jefferson avenue, the elevated railroad tracks, and the property formerly occupied by the Corona Leather Works.

It will no doubt occur to you that the park along the Canal is suitable for a playground for smaller children, with the lagoon and canal offering possibilities for whatever appropriate and feasible aquatic sports for younger children may be desired.

Likewise you will note that the second area is large enough to accommodate a football gridiron, a baseball diamond and a running track, with space left over for planting trees and other landscaping.

As a further contribution towards the creation of such a War Memorial, I wish to offer the sum of \$25,000.

If the Planning Commission approves of the gift, and the Borough Council agrees to accept it, I shall be pleased to have you so notify me, in order that I may proceed promptly with the preparation of the transfers of title.

It is my earnest hope that favorable consideration will be forthcoming at an early date, so that Bristol may proceed with the creation of a living memorial to those who made the supreme sacrifice in the recent war.

Very truly yours,
JOSEPH R. GRUNDY.

side rooms which are considered temporary.

"If high school grades are taken out, present facilities will be adequate for some years to come."

"The new state aid and salary laws clearly indicate for Falls and other small high schools either a joint board or eventual abandonment of senior high school grades, or very much higher local taxes."

"After 1947 the State will not help support small high schools which it considers inefficient and very expensive."

"The prevalence of low interest rates and the possibility of federal works program make this proposal particularly attractive to local estate taxpayers. The new joint school will be owned and operated by the three school boards involved, each sharing equally in control."

"The cost of the building will be paid in proportion to the assessment of each district, and operating costs will be distributed according to the number of students from each district attending the school."

Sgt. Schmid, Marine Hero, Will Appear in Bristol

Sgt. Al Schmid of the Marines, the hero of Guadalcanal, is coming to Bristol tomorrow evening and will appear on the stage of the Grand Theatre tomorrow evening. The feature picture at the Grand, "Pride of the Marines," is the true life story of Sgt. Schmid.

Sgt. Schmid is credited with killing over 200 "Japs" at Guadalcanal before he was blinded when a hand grenade exploded in his face. In addition to the picture a book entitled "The Marine," also depicts the life story of Sgt. Schmid.

Sgt. Schmid will arrive in Bristol early tomorrow evening and will visit Burgess and Mrs. Jacob C. Schmidt. Upon a previous visit to Bristol Sgt. Schmid made the acquaintance of Burgess Schmidt at a dinner made on that occasion.

Burgess Schmidt will accompany the noted hero to the Grand Theatre and present him on the stage at 8:45 tomorrow evening. Previous to this 15 students from St. Francis Vocational School, Eddington, will sing the Marine hymn in front of the theatre as welcome to the visiting Marine.

The picture "Pride of the Marines," will be shown at the Grand Theatre tomorrow and Saturday. Sgt. Schmid will be here only tomorrow evening. Those desiring to see Sgt. Schmid but who are unable to attend the theatre tomorrow evening may do so by being in front of the theatre previous to 8:45.

Sgt. Schmid has been extended welcomes by Mayor LaGuardia of New York, and by dignitaries in Chicago, Minneapolis and San Francisco, and has aided in the selling of millions of dollars worth of war bonds.

Without Painful Backache

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatism, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Prevent or sear passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 10 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

BENSALEM OUT TO AVENGE DEFEATS OF GRID SEASON

Confident It Will Break Into
Win Column At South-
ampton Tomorrow

TEAM IMPROVES

Team's Defense Has Been
Very Weak During The
Present Season

Having suffered five straight de-
feats, the Bensalem Township foot-
ball team feels confident that it
will break into the win column
tomorrow afternoon when it meets
Southampton High on the latter's
field.

The Owls played a bang-up game
against Bordentown Manual Train-
ing School last Saturday and suc-
ceeded in holding the colored team
to a 13-6 score. During the second
half, the Bixler-coached boys out-
played their Jersey rivals.

Bensalem has scored in every
game played, rolling up a total of
48 points, more than any Lower
Bucks County Schools has counted.
But its opponents have been able
to make a total of 114 counters, the

Bensalem defense being weak.
Southampton, coached by Claude
Lodge, has yet to win a game, losing
two tilts to Fallsington and an-
other to Langhorne.

NEWTOWN FAILS TO STOP ST. FRANCIS XI IN GRIDIRON GAME

Eddington Boys Win By
Score of 20 to 14 in
Thrilling Game

OPPOLO IS THE STAR

Breslin Scores First Extra
Point for Eddington
Team

NEWTOWN, Oct. 25—A Newtown
High rally fell short yesterday
afternoon as the locals bowed to the
St. Francis Vocational School, of
Eddington, 29-14, in one of the most
thrilling games of the season.

Don Oppold starred for the Ed-
dington boys while Morris was out-
standing for Newtown. During al-
most the entire second half, Oppold
was out of the game because of an
injury. Morris was injured early in
the game but came back in the sec-
ond half to almost upset the St.
Francis boys.

Oppold scored the three St. Fran-
cis touchdowns. His first was a
return of a punt which was good
for sixty yards. Later in the first
period, he intercepted a pass and

ran 50 yards to score while the
final six-pointers was registered
when McGrath tossed him a pass,
good for 20 yards.

"Jake" Breslin scored the first
extra point for the Eddington lads
on a line buck while Smith went
around end to add the second extra
point.

It was early in the third period
that Newtown managed to push
over its first score. They had a
sustained march of sixty yards
which came to a climax when Mor-
ris skirted right end for twenty-
seven yards. The second six-point-
er was made on a line buck from
the one-yard line after a blocked
kick had given Newtown possession

of the ball on the 4-yard line.
Taylor's placement kick was good
for the first attempted conversion
while Morris made the second extra
counter with a line plunge.

Score by periods:
St. Francis 14 0 6 0-20
Newtown 0 0 7 7-14
